How did you find out about us?

## You & Your Lifestyle

How many dogs do you already have? Please tell us what sex and breed.

What other pets do you have?

What dogs have you previously owned and for how long?

Have you ever given a dog up to a friend, an animal shelter or back to its breeder?

Please tell us about your human family (including children's ages).

Do you have any regular visiting children? If so what ages?

Do you anticipate any major life changing events? (such as a new baby, caring for an elderly relative, move abroad, purchase of another animal etc?)

Do you live in a house or flat?

IF your property is rented, do you have permission to have dogs?

Do you live in town or country?

Do you have an enclosed garden? If so, how high is the fence and what type of fencing is it?

Is your garden fence currently dog proof?

Do you have access to places where you can take your dog for walks (e.g. woods, parks, etc)? Please tell us how much exercise you will be able to provide for the dog.

Do you go out to work? If so what would be the maximum time that the dog would be left over the course of the whole day and evening?

If the dog needs to be left at all, where would this be (e.g. kitchen, utility room, etc)?

Does your job take you away from home? What provision would be made for the dog at this time or during holidays

What do you intend to feed your Labrador?

Why do you want a Labrador? What is it you know and like about them?

Have you had any experience of owning a Labrador?

If you have owned the breed before, which breeder/s did you purchase from?

If you haven't previously owned a Labrador, what experience have you had of meeting the breed in person?

Why do you think you would be suitable for a Labrador to own you?

Would you be happy for a home visit by the breeder or a representative prior to the puppy being placed in your home?

## Your Preferences

Do you have a specific requirement for a male or female puppy and for what reason? Or do you not have a preference?

Do you have a preference for colour of the puppy?

How soon are you looking to acquire a Labrador?

Do you intend to show or work your Labrador? If yes, do you already have experience with showing and/or working?

Do you intend to breed from your Labrador?

Please add any further information that you feel relevant
